*Iulian Sorescu is member of ACCA UK, CECCAR, CAFR and AMCOR and heads our Financial, State Aid & Management Consulting Department. He coordinates the strategic advice offered to our clients in all business and financial issues such as financial advisory, financial due diligence, financial audit according to IFRS, US/German GAAP and Romanian standards, financial reporting and controlling, bookkeeping, payroll and management consulting. In particular, he helps our clients improve/maintain their financial performance by coaching and monitoring their internal activities and optimizing their structures. In 2008 Mr. Sorescu has developed our State Aid Department. Since then our team has successfully assisted many international companies in view of obtaining the financing approval for state aid, by preparing the business plan, business model as well as by providing assistance in relation to the Ministry of Public Finances. The projects represented either extension of production/business of international companies, or Greenfield investments.*
